

Wings of Hope

Hi, my name is Tracy, I'm 29 years old and I was diagnosed with SLE nearly five years ago. My husband and I run our own business and are based from home where we live with our two children. I've been creating jewellery with my daughter for a couple of years now and had the idea to create a jewellery range for LUPUS UK a year or so ago. I wanted to help raise much-needed funds for LUPUS UK but at the same time I wanted to increase awareness. It's taken a while to find a quality resource for our products but I feel the Sterling Silver along with the Swarovski Crystal Butterflies make for the perfect match. The beautiful Swarovski butterfly earrings and pendants really sparkle and stand out and my hope is that people will talk about the jewellery and also the disease itself.

The range consists of five earring designs and one pendant design. I wanted to keep the collection simple to start with but if there's a good demand for the products then I'll look at getting even more creative.

The name "Wings of Hope" is really to help our customers relate to the difference they are making to all of us by purchasing this range.

We will be donating 50% OF ALL PROFIT made from every Wings of Hope item sold this means every customer will be buying a little piece of hope for all the members and sufferers of this very complex disease. Hope for the future, Hope for our children, and Hope for our families, because without Charities and Organisations like LUPUS UK many of us would feel even more isolated and alone.

We also have our 10 year old daughter's range of jewellery which is sold on the same website in a different section. She will also be donating an additional 10% of the profit from any other items sold with the Wings of Hope range. (She wanted to do her bit as well!)

The range will be online and available for purchase by the middle of November ensuring delivery for Christmas, at www.oodz.co.uk or tel. **07830149592**

Thanks.

Please help us help others to make a difference.
